- Aggregate production costs under $700,000

Studio Mechanics Local 52
- Production costs under $150,000 per shoot day
- Aggregate production costs under $700,000

Non-AICP Low-Budget Threshold:
- Under $150,000 per shoot day
- Under $700,000 aggregate production cost

DGA – Low-Budget Agreement
The DGA has implemented a new two-tier system, replacing the former four-tier structure:

Tier 1
- Production costs under $80,000 per shoot day
- Wages are fully negotiable for all employees
- Benefit contributions are based on the negotiated wage rates (not presumed salaries or scale rates)

Tier 2
- Production costs between $80,000–$150,000 per shoot day
- Wages are negotiable but cannot be less than 80% of scale
- Benefit contributions are based on scale rates
